“The limits of my Language are the limits of my world”

Ludwig Wittgenstein

Course content

The GCSE German course ensures students are prepared for the final GCSE exams at the end of year 11. The skill areas are developed through topic work, starting with local area, lifestyle, social issues and customs and traditions in the Autumn term. This is followed by travel and transport, school, jobs and careers as well as revision and preparation for the exams in the Spring term. As well as developing their linguistic skills, students have an opportunity to gain an insight into the culture and traditions of German Speaking Countries. The group is supported by a German Assistant which allows for one to one speaking support with a native speaker.
