

French

Year: 11

“The limits of my Language are the limits of my world”

Ludwig Wittgenstein

Course content

The GCSE French course ensures students are prepared for the final GCSE exams at the end of year 11. The skill areas are developed through topic work, starting with holidays, the environment, future plans and work in the Autumn term. This is followed by social issues, technology, relationships and revision and preparation for the exams in the Spring term. As well as developing their linguistic skills, students have an opportunity to gain an insight in to the culture and traditions of French Speaking Countries. The group is supported by a French Assistant which allows for one to one speaking support with a native speaker.

Skills developed

- Listening
- Speaking
- Reading
- Writing
- Grammar
- Vocabulary
