

Elective Home Learning

Art KS3

Year 7:

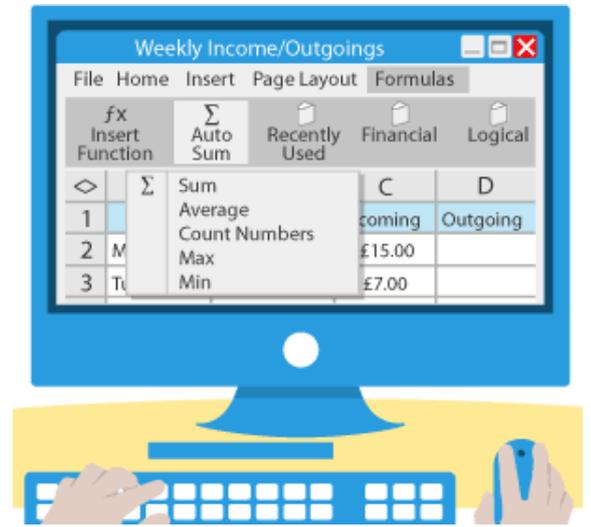

Proportion, proportion, proportion! Did you know the human body revolves around clever measurements? The height of a man is eight times the height of his head? And the widths of his shoulders are twice the height of his head? Find out more information on the proportions of the human body and produce a creative way of showing it – this time, you choose the size and shape of the paper!

Elective Home Learning

Digital Enterprise KS3

Year 7:

Next half term (after February) you will be focusing on using excel sheets. To prepare you for this, you should complete the following tasks. Choose the level that you think you are able to do (and remember to try and push yourself to aim high):

Expected

Create a mindmap with all the main features about Microsoft excel. On your mindmap make sure that you include: what a workbook is, what a cell is, the three types of data that you can type into a cell, and how you can order your data in cells into ascending and descending order.

Use the BBC Bitesize website to help you: <https://www.bbc.co.uk/education/guides/zdydmp3/revision>

Embedded

Create your own spreadsheet for all the ways that you might get money and spend money (especially over Christmas with any money that you may have been given).

Record the day or week, and then say where the money has come from, and whether it is going in (you are receiving it) or whether it is going out (you are spending it).

Use the example of Paul's spreadsheet on the BBC Bitesize page to help you:

<https://www.bbc.co.uk/education/guides/zdydmp3/revision/2>

Exceptional

Create a poster of all the different symbols that can be used in excel and all the different functions. You must draw the symbol and then explain clearly what it means. This will help you when the work gets more complicated after the February half term.

Use BBC bitesize again to help you: <https://www.bbc.co.uk/education/guides/zdydmp3/revision/5>

Elective Home Learning

Drama

Year 7:

Next half term you will be focusing on characterization and how to create a developed character.

You need to create your own character that you could play in a performance.

Think about:

What they look like.

What their hobbies are.

Do they have a job?

What is their background? Family? Friends? Where do they live?

What is their personality like?

Their likes and dislikes

Extend your knowledge about your character by:

Come up with an important moment in their life that makes them who they are.

It could be a good thing like getting the job they always wanted or it could be a bad thing like an accident.

Elective Home Learning

DT KS3

Year 7:

Find 2 similar products that are made out of different material E.g. metal and plastic rulers. Compare the different properties of each and evaluate which one works best

HT3 Elective Home Learning		
Knowledge and Skills	Intercultural Understanding and Vocabulary

Elective Home Learning

English KS4

Year 7:

Next half term you will be studying texts written during in, and influenced by, war and conflict.

To help you prepare for this topic, make sure you complete the following tasks before end of this term:

- 1) Watch the following documentary about the life of Wilfred Owen.
<https://www.youtube.com/watch?v=tUTnf8Ry1Vg&safe=true>
- 2) Make notes about who Owen was and why he decided to document the war using poems. Explain how Owen's attitudes to war changed from 1914 to 1918.

Elective Home Learning

Food KS3

Year 7:

Make a card sort - a set of cards that you can cut out, mix up and match for utensils and electrical equipment.

Include the function for each of them and which foods they would be used to prepare. Include advantages and disadvantages, and if there is an alternative utensil to use include that.

Year 7 Geography Home Learning -

Grade	Task
Expected	Create a storyboard showing the impact of deforestation on a tropical rainforest.
Embedded	Research and produce a fact file on at least one type of tribe found in the Amazon Rainforest.
Exceptional	Create an advertising poster to educate others on how we can prevent endangered animals from becoming extinct.

Elective Home Learning

History Year 7

Year 7:

Next half term you will be focusing on what life was like during the Middle Ages in England.

Your pre-learning is to create notes on the following topics:

1. The Battle of Stamford Bridge
2. The Battle of Hastings
3. The Battle of Fulford
4. Medieval Towns and Villages
5. The Black Death in Leeds
6. The Peasant's Revolt

The following sites may help you:

<http://www.historylearningsite.co.uk/medieval-england/>

http://www.bbc.co.uk/history/british/middle_ages/

<http://www.bbc.co.uk/history/british/normans/>

Year 7 RE Elective Home Learning

Expected: Create a fact file on Judaism. Find out the following pieces of information for this religion and include pictures. Background information (key facts), Key figures, Holy Scripture, Places of worship, Festivals.

Embedded: Research what Humanism is and create a 2 minute podcast about it. Explain how it is different from mainstream religion.

Exceptional: Design your and build your own holy temple complete with key features and labels. Explain the importance and significance of these features.

Elective Home Learning

Science Year 7

In the next half term you will be studying a range of topics – to help you prepare for these topics you should access information on them from the BBC bitesize website.

Topics you should study include:

Inheritance and genetics - <https://www.bbc.co.uk/education/topics/zpffr82>

Acids, alkalis and salts - <https://www.bbc.co.uk/education/topics/zn6hvcw>

Electricity - <https://www.bbc.co.uk/education/topics/zgy39j6>

For each topic you study make a set of notes – these should include labelled diagrams, bullet points of key ideas and definitions of keywords.
