

# A2 Sociology

Year: 13

“ The function of sociology, as of every science, is to reveal that which is hidden.”

*Pierre Bourdieu*

## Course Content

A2 Sociology builds upon the knowledge and understanding of that which is taught in AS level research methods with students learning the additional content of the Crime and Deviance unit as well as the Beliefs in Society. During year two students will look at the impact of crime, religion and sociology itself on society and apply it to issues and topics inline with assessment criteria.

## Skills developed

- Critical thinking and analysis
- Making and developing synoptic links across topic areas
- Extended writing
- Application of material and key sources
- Evaluation skills
- Independent learning
- Debating and discussion skills

## Topics covered

- Unit 1 Beliefs in Society
- Unit 2 Crime and Deviance
- Unit 3 Methods in Context
