Art KS4

Year 10:

Artist links are of high importance and refer to 25% of your overall marks in your GCSE. They bend and shape the way our work develops over the year and are often the missing link we need to create exciting, high quality and different work. Over the half term you will be researching and creating reference sheets relating to an 'Artist Link' that suits, bends or shapes your work. The sheets should be seen as a piece of art work in itself, and display the quality and ability you have as an artist, along with signs of understanding the artists' work; through trying the techniques used and maybe writing a little about it (annotation). Create 'Artist Link' pages (Minimum A3) that shows us what or who the artist is looking at, try the techniques using the same or similar medium (paint, pencil, chalks etc) and write a little about what you think about the work, important or exciting things you find out about them. Most important of all – make the sheets look creative and exciting...experiment!
