The ethos and values of our school

Wetherby High School aim to create a positive climate for learning in our school. The school is committed to valuing all members of its community equally and achieves this by promoting an atmosphere of mutual respect. We believe that all students are entitled to a broad and balanced curriculum and aims to provide a rich school experience which will enable them to achieve their best and lay the foundation for confident, tolerant, active citizenship in our changing world.

Our school values underpin all our policies:

- Know our children well
- Partners in learning
- Character for achievement
- Enjoy and aspire

This policy outlines the standards of behaviour the school expects of its students. It is intended to support the aims of the school and promote a culture where students can realise their true potential.

The school's moral code

Our moral code is based on the principle that we value every member of the school community. Learning and teaching are our core activities. As a result we insist on a constructive partnership between staff and students in which both can expect courtesy and respect. Bullying, sexism, sexual harassment or racist behaviour are not tolerated. We actively promote awareness of these issues through the curriculum, Personal, Social, Health and Citizenship Education lessons and our strong student support system.

Expected standards of behaviour

Caring for people

We expect all students to respect the feelings of others and to treat everyone as they would like to be treated. This not only includes other students and teaching staff but **all** staff within the school, visitors, parents and carers.

We expect that students:

- be respectful to one another, speak calmly and courteously;
- do the simple things right – all of the time;
 - arrive to school and to lessons on time
 - wear the school uniform with pride
 - bring the correct equipment for learning
- speak to their coach in the first instance if they have any concerns;
- work restoratively to avoid conflict and respect the rights of others to be different;
- listen to the views of others (as long as they are not of a prejudiced nature) and accept their right to hold those views
- follow all school procedures including
 - move around the school in an orderly manner;

- remain on the school site at break and lunchtime in Years 7 – 11.
- refrain from bringing energy drinks or large quantities of sweets to school

We expect that staff will:

- be good role models for students and peers;
- be responsible for ensuring a prompt start to lessons and be ready to deliver interesting, stimulating lessons designed to engage students' interest;
- support the school policy on Equality and Diversity and encourage students to show respect for members of the community and the environment;
- work to develop positive relationships with students by modelling calm behaviour;
- speak politely and calmly and respect everyone's personal space;
- treat all members of the community equally, fairly and consistently, meeting their individual needs.

We expect that parents and carers will:

- work with the school to help pupils make wise and informed decisions that impact their attendance, achievement and well-being;
- work with the school to ensure their child follows school expectations and procedures; see 'caring for people' and 'caring for the building and environment' and 'caring for property'
- support the school in modelling polite, calm and orderly behaviour;
- work in partnership with school staff to ensure that their child is able to achieve to the best of their ability
- be good role models for other members of the community;
- support the school policy on Equality and Diversity and encourage students to show respect for members of the community and the environment;
- ensure students wear the agreed school uniform and bring correct equipment;

Caring for the building and environment

We expect that all students will:

- respect the school building and property;
- use the bins provided for litter;
- not deliberately damage any school property;
- not misuse furniture.

Particular care should be taken to avoid damaging glass in windows and doors. Ball games should be played at a safe distance from the school buildings.

Students will be expected to contribute to the cost of any deliberate damage which occurs to school buildings or equipment.

Caring for property

We expect students:

- to respect other people's work and property, including school equipment provided on loan to support online learning
- to take pride in displays of work that are put up around the school.

Students are asked to avoid bringing valuables into school. Money should not be left in students' bags. In PE lessons (and sometimes in other lessons) students are asked to hand in all valuables to a member of staff and to claim them at the end of the lesson.

The school takes no responsibility for any mobile phones which are brought into school. Students can use mobile phones during social times out of lessons but they should use them safely – the camera function of their phone must not be used in school. Students must not use their mobile phones during lessons or in the corridors during change of lessons.

The reward system

Students can be rewarded in a number of ways:

- verbal praise;
- issuing House points;
- written praise or comments in their exercise books;
- teachers completing praise slips for individuals or for the class;
- achievements recognised in assemblies;
- letters home to parents.

Exclusion

In some cases the school may exclude a student for a fixed term if their conduct is deemed to warrant this sanction.

As the re-integration of an excluded student is an important process it is expected that parents will attend the re-integration meeting to discuss the support strategies which will be put in place with the Year Manager.
