

Leeds Apprenticeship Recruitment Fair

Dear Parent/ Carer,

As part of our continuing careers support for our students in key stage 4 and in addition to the support information on Moodle and the 5 minute employability videos that are being sent out weekly to the year11's, we would like to draw your attention to the Leeds Apprenticeship Recruitment Fair. This year, in place of a physical event, which is usually held at Leeds Arena, there will be an online virtual festival taking place during **National Apprenticeship Week- 8th -12th February**. The festival website has already gone live and can be accessed at <https://leedsapprenticeshipfestival.co.uk/> or <https://www.facebook.com/LeedsAppHub>

The festival will feature:

- Live Q&A sessions and 'roundtables' with employers who are actively recruiting apprentices for 2021
- Video presentations providing information about apprenticeships
- Virtual exhibitor stands allowing direct contact with exhibitors

The festival will provide lots of information and features about apprenticeships and a unique opportunity to engage directly with employers who are looking to recruit, and I would suggest that if this is something that your child is considering that you attend the session(s) together.

Throughout the next 2 weeks we will be emailing students directly in KS4 to help to prepare and support them for the festival.

Please do not hesitate to contact me should you have any queries at jmccartney01@wetherbyhigh.co.uk

Your sincerely,

A handwritten signature in black ink that reads 'J.M. McCartney'.

Mrs J.McCartney
