

Dear Parent/ Carer,

As I'm sure you are aware this year more than ever, it is very important to protect everyone from the flu virus. Immune systems are potentially lower than usual due to isolation and vaccinating more children against flu will help to reduce the risk of the spread of the flu virus, in turn reducing the amount of people admitted to hospital with flu, directly helping the NHS in the fight against covid.

Therefore, if you did not take the opportunity to consent for your child to receive the flu vaccine earlier in this school year, but would like your child to receive the nasal flu vaccine in school please follow the link to complete an online consent form;

<https://www.nhsimms.uk/FLU/information?Id=108088&Type=FLU>

The vaccinations will take place at your child's school on **Friday, 7th January 2022**. The link will close on **Friday 3rd December 2021**. If your child has already had the Nasal Flu vaccine since September 2021 please disregard this message. If you have any problems accessing the link please telephone 0333 358 3397 (option 2 ext 3).

Thank you for your continued support
